NATUREMADE. HUMAN DELIVERED.

Mission:Maple is a premium, small batch maple syrup on a mission to improve our environment and future.

To make our syrup, each spring we sustainably tap maple trees in FSC-certified forests.

Mission:Maple is part of a movement to show how smart new forms of conservation can help our forests grow and thrive. More than that, a portion of the proceeds we earn from the production of our maple syrup is donated to a non-profit dedicated to improving the lives of our youth by instilling a love of nature and our environment.
